# DevLUp FSU

## GBM #1

### Intro to DevLUp

September 5th, 2024

**Welcome to  
DevLU at  
FSU!**

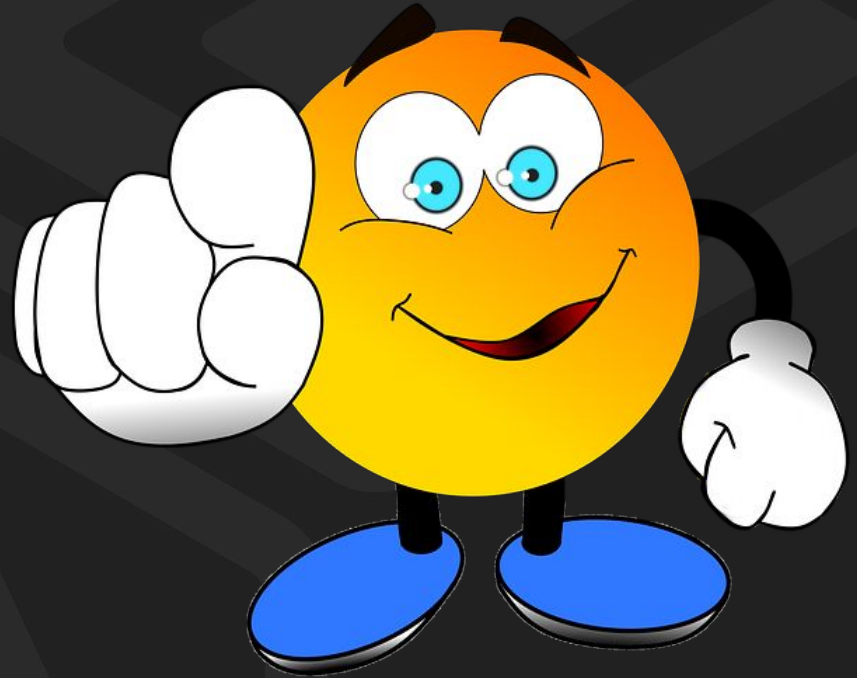

# Lesson Plan

- Who is DevLUp for?
- What is DevLUp?
- What is Godot?
- How to use #showoff
- Game Jam
- Meet the Team
- #career-development
- Club Project

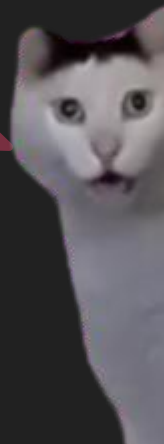

# Who is DevLUp FSU for?

- YOU!!!!
- And everyone who has an interest in Game Development!
- More specifically programming, game design, 2D and 3D art, sound design, music composition and production, and more!

*Figure 1: It's for you!!!!!!*

What even is a “*DevLUp*”??!?

# “DevLUp” is

Previously known as the UF Game Developers’ Association, DevLUp is a non-profit student organization that works to bring game development to schools across Florida.

**We’re a branch of the  
DevLUp Community.**

that one’s us →

←this one stinks

# Being a “branch” means

We are mostly independent and run our organization however we like.

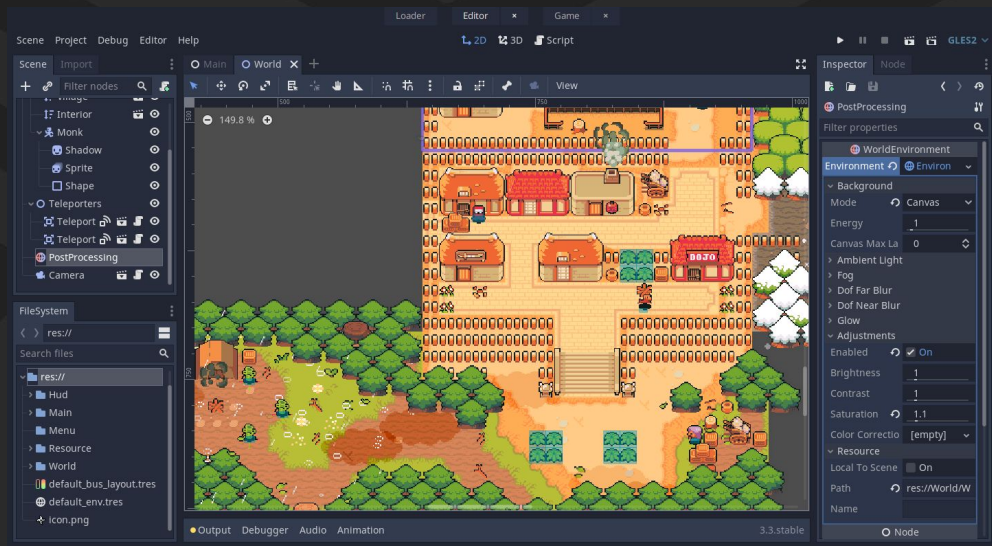

We also have access to all of DevLUp’s tools and resources.

- A community of student and alumni game developers
- Inter-university Game Jams
- A place to organize and update your games portfolio

# What is “Godot”?

- Game Engine
- Open Source
- Custom Scripting Language
  - GDScript
  - Similar to Python
- 2D and 3D

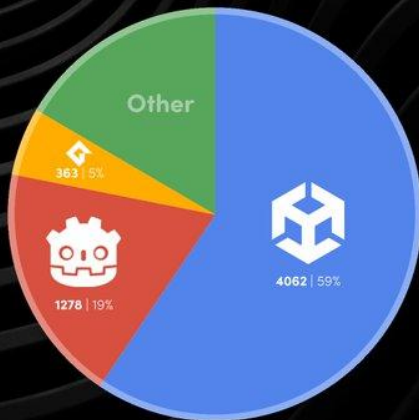

# Godot is Gaining in Popularity

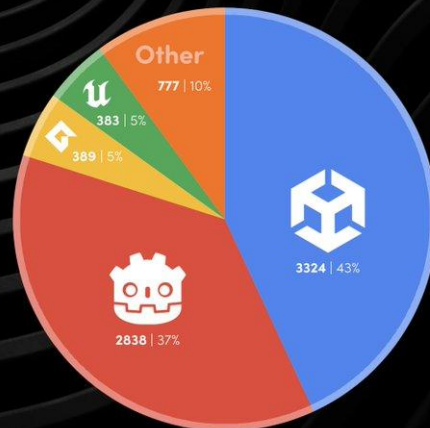

2023

Game engines used to create 6835 GMTK Game Jam Games

2024

Game engines used to create 7711 GMTK Game Jam Games

Made  
in  
Godot  
2023

#👁👁showoff

**how to use:**

#  showoff

# DevLUp Wide Game Jam!!!

- 48-Hour Game Jam
- With other DevLUp Branches:
  - UF, FIT, FAU, and others
- Date TBD - likely October / November

*THIS IS DEVLUP!*

# Meet the Team

read more about us at: [fsu.devlup.org/about](https://fsu.devlup.org/about)

# Dion Tryban - President

@trikzon on 

*Computer Science, Senior, he/they*

I like tea and pizza.

I have a cat named Zelda (pictured).

My favorite games are Minecraft, Factorio, Firewatch, and Portal 2.

I make Minecraft mods.

Come to me with questions about Godot!

# Jake Younan - Vice President

@.xloupex on 

*Computer Science, Junior*

My name's Jake. I like to 3D model, BBQ, play volleyball, and skateboard.

Some of my favorite games are Breath of the Wild, Elden Ring, and everything 3D Doom.

Ask me about Blender questions and I'll try to answer them!

# Chris Swezy - Secretary

@ghoul6405 on 

*Computer Science, Senior, he/him*

I'm a comp sci major, and a game developer working on tabletop and video game design.

Some of my favorite games are Monster Hunter, Breath of the Wild, and Caves of Qud

Feel free to ask me design questions! (or for ttrpg recs)

# Whalen - Secretary (servant boy)

@cocoa0270 on 

*Information, Communication, and Technology;  
Senior?; he/they*

Self-published point'n'click adventure game dev  
under label Master Suite (hopefully on Steam by  
the time of this meeting)

I like tea and board games.

My favorite games are Rusty Lake, Submachine,  
and a bunch of other stupid Flash ones from back  
in the day.

Stencyl 'expert'

# Emma Berry - Treasurer

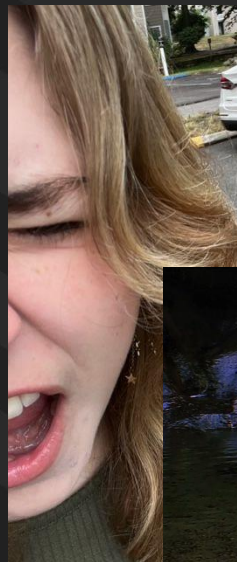

@coolkid1770 on 

*Computer Science, Junior*

My names Emma, I do frontend development, graphic design, and 3d modeling in my free time, aside from the nerd stuff I also like to skate, watch movies, and bake

My favorite games are Don't Starve, Little Big Planet, and Cult of the Lamb

If you have any questions about design or story writing I can try my best to help!

# Jordan Freyman - Marketing Chair

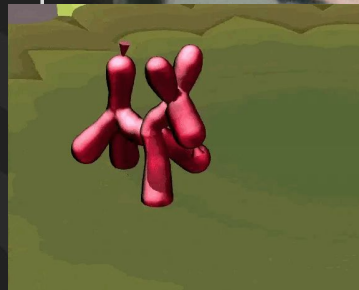

@jar\_cvfm on 

*Computer Science, Senior, he/him*

Hi I'm Jordan! I'm a programmer and an artist. I also like drawing, D&D, writing, LOTR, and metal music!!

My favorite games are Baldur's Gate 3, Minecraft, Fortnite, Undertale, Scarlet Hollow, and probably others that I can't think of rn 👍 😁

Hmu if you need game design ideas/input!

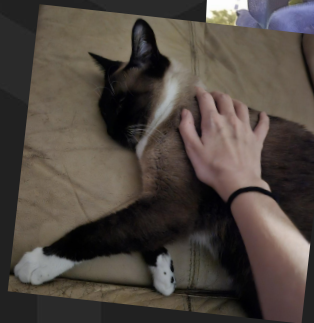

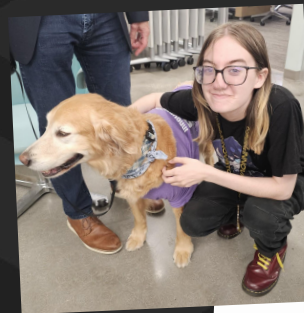

# Ares - Creative Chair

@cherricola on 

*Computer Programming & Applications;  
Junior?; he/they*

Hey, I'm Ares! I'm a programmer, pixel / 2D / 3D artist, 2D / 3D animator, writer, voice actor, musician, and D&D DM! My primary focus is on improving accessibility in gaming.

My favorite games are Limbus Company, Lethal Company, Stardew Valley, and Project Zomboid!

# Parker Dennison - Social Chair

@.parkermdenni on 

*Studio Art specializing in Electronic Art,  
Junior, he/him*

I'm a Studio Art major pursuing a minor in Computer Science. I have skills in 3D rendering engines and Electronic art.

Some games I like are: Bethesda Game Studio games, The Zelda series, Sega Games, Metroidvanias, The Doom series, and games released during the 90s in general.

# A word on #career-development

If you're looking for an internship or a job in the games industry, post your resume, portfolio, website - whatever you're using to apply - in #career-development and we'll all try to do our best to give feedback.

# Last Year's Club Project

- Last year we made a Pirate Party Game
- We had 10+ contributors
- Many had never used Godot before
- We showcased it at the Seminole Innovators Showcase last Spring
- It turned out to be a lot of fun!

PARTY PIRATES!!!

# New Club Project

- With the Seminole Innovators
- A Mario Party-like game
- Make your own minigames
- Made in Godot
- No experience is required
- Need programmers, artists, musicians, designers, etc.
- First meeting at 6pm!!!

# Next Week's Workshop:

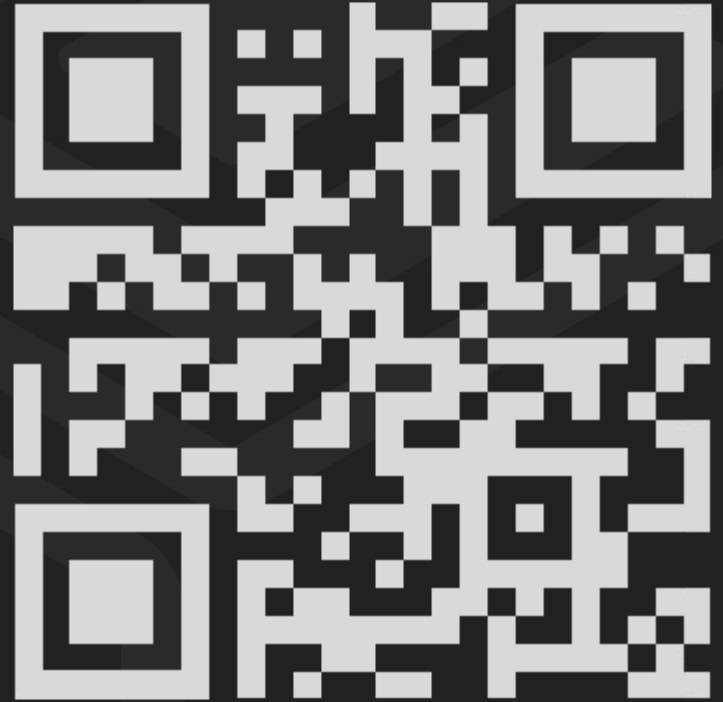

- Intro to Game Design
- Topics we will cover:
  - Game Design Documents
  - Design Process
  - Types of Design
  - Examples:
    - Party Pirates
    - Upcoming Workshops
